

Thursday, May 29, 2025 | 6:00 - 8:00 PM
Hosted by Biotec Dental Laboratory

16700 Aston Street Irvine, CA 92606

Most dental offices don't fail from bad dentistry—risk occurs because owners are forced to manage back office chaos instead of focusing on patients. Without solid systems, the right team, and compliance in check, growth stalls and stress takes over.

This power-packed seminar is designed to help dental office owners and practitioners streamline their operations, stay compliant, and build high-performing teams—so they can focus on patient care and business growth, not putting out daily fires.

PEOPLE, PROCESS, PROFIT: THE DENTAL OFFICE SCALING SEMINAR

WHAT YOU'LL LEARN:

- ✓ **People – How to Build & Lead a High-Performance Team**
Attract, retain, and motivate top-tier talent that drives results. Create a culture of accountability, ownership, and execution.
- ✓ **Process – Operational Systems that Scale**
Install the right HR, compliance, and workflow systems to eliminate bottlenecks, reduce chaos, and keep your practice legally protected.
- ✓ **Profit – Risk Mitigation that Saves You Thousands**
Learn how to avoid lawsuits, failed terminations, and costly HR mistakes. Mitigate risk before it hits your bottom line.
- ✓ **Training that Pays Off – Develop a Team That Grows with You**
Turn your staff into skilled, self-sufficient assets through intentional development and repeatable systems.

Spaces are limited! If you're ready to scale smarter and not harder, **lock in your spot NOW!**

LED BY BRANDEN L. NELSON, MBA

With 20+ years of HR and business strategy experience, Branden has helped scale startups into multimillion-dollar operations. He'll show you how to build winning teams, streamline systems, and protect your practice—so growth isn't just possible, it's inevitable.
