Dr. David Ahn

OVERVIEW

"What can we realistically achieve with non-surgical periodontal therapy and when is it time to consider the next phase of treatment?"

This evening's program, led by Dr. David Ahn, will provide clinicians with focuses on how to evaluate, diagnose, and develop a treatment plan for patients with periodontal disease before surgical intervention is considered.

OBJECTIVES

- ~ Understand Perio charting (PD, BOP, Recession, CAL, Mobility, Purelence, MGP)
- ~ Understand the phases and stages of Perio disease (New Classification)
- ~ Understand when, why & how to treatment plan non-surgical Perio procedures
- ~ Understand what is attainable with non-surgical Perio procedures
